Welcome to the March 2007 FeedAC e-mail update. The following is a quick glimpse at this month's activity.

- ❖ The 2007 membership packets were mailed earlier this month. Thanks to all who have already become members. If you did not receive a membership packet and wish to, please contact Fred Lundy III ([fred.lundy@feedac.org](mailto:fred.lundy@feedac.org)) or Lisa Hamilton ([feedac@assoqh.org](mailto:feedac@assoqh.org)).
- ❖ Kenneth Cummings, Chuck Schwab and Fred Lundy III visited Sapienza Analytica, LLC in Slater, IA to see our NIR instruments and tour the lab facilities. They were very impressed and thank Dr. Sapienza and his staff for their discussions and gracious hospitality.
- ❖ We approved the following number of web users to each membership level: Level 1 (40 users), Level 2 (20 users), and Level 3 (10 users). All users will be considered members and posted as such on the website.
- ❖ 2007 members: expect a short questionnaire soon to help us ensure that our stated goals and activities are in synch with your expectations.
- ❖ A request for nominations for Board members will be forthcoming on April 13. There are 3 board positions open for election this year. Nominations will be accepted through April 30.
- ❖ A welcome to all new collaborators. It looks like many more will be joining you! If you wish to be a collaborator for 2007, please visit the following weblink and sign up. [http://www.feedac.org/collab\\_form.asp](http://www.feedac.org/collab_form.asp)
